

## Diverse Student Opportunities

Want to enrich your college experience?  
Get involved!

### Co-op

A partnership with local area hospitals and medical centers provides a chance for students to gain additional real-world experience while earning substantial wages.

### ENSTEPS

(Ethnic Nursing Students Together Targeting Excellence, Professionalism & Success)

Designed by minority students, this peer-networking program strives to increase student-to-student interaction and support within the college. An entity of ENSTEPS is the Caring through Sharing Mentoring program.

### International Experience

Student trips to Honduras and Tanzania offer real-life application of clinical skills.

### Men in Nursing

This national network supports male students and men in nursing.

### National Student Nurses' Association

The NSNA promotes professionalism through student leadership and activities within the college and community.

### Sigma Theta Tau International Honor Society of Nursing

This student group recognizes superior achievement in nursing, encourages leadership development, fosters high nursing standards and strengthens commitment to the ideals of the profession.

### Dean's Student Ambassadors

Representatives of the Dean, Ambassadors assist with various college activities and events.

### Tribunal

The undergraduate student governing body of the College of Nursing provides for student representation on college and university committees.

## Admission Requirements

### Pre-Nursing High School Applicants

Students wishing to begin their nursing education may choose to enter the freshman Pre-Nursing program at either the Uptown Campus or Clermont College.

### Pre-Nursing Admission Criteria

1. Graduation from an accredited high school or preparatory school.\*
2. Successful completion of 16 units of college preparatory subject units: English-4; Biology-1; Chemistry-1; College-prep Mathematics-3; Social Sciences-2; Fine Arts-1; additional college preparatory subjects-4. Recommended: physics, foreign language, anatomy & physiology or a third unit in social science with a "C" or better in all required courses.

Admission to the Pre-Nursing Program is based on an applicant's high school class rank, ACT and/or SAT scores, and grade point average.

Freshmen may be admitted for General Admission or as Academic Scholars. Academic Scholars are guaranteed admission to the BSN nursing program if they maintain grades of "C" in all required pre-nursing courses with a GPA of 3.0 in these courses.

\* UC Clermont's open admission policy means that any high school graduate will be accepted into Clermont College's Pre-Nursing program regardless of the classes taken in high school. Non-graduates can qualify by providing GED scores.

### Uptown & Clermont College BSN Program Sites

Upon admission to the BSN program, students may elect to complete their nursing courses at the Uptown Campus or our satellite program at Clermont College, located in Batavia, Ohio. Some clinical sites include Cincinnati Children's Hospital Medical Center, Mercy Anderson, Mercy Clermont and University Hospital.

### Transfer Students

Transfer students wishing to enter pre-nursing must show evidence of grade point averages of at least 3.0 or better in current college courses.
